Breaking Barreras: Cultivating the Power of Líderes

Breaking Barreras: Cultivating the Power of Líderes

Over two powerful days, barrier-breakers from across our community will come together for transformative sessions led by thought leaders and industry experts. Together, we'll boldly seek new pathways to growth, dismantle what holds us back, and transform the trajectory for the next generation of leaders.

The phrase *“Breaking Barreras”* embodies the courage to challenge the status quo and create new possibilities. By *“Cultivating the Power of Líderes,”* we honor our commitment to nurturing leadership potential across all communities—because when one person’s potential is ignited, it creates a ripple effect for the entire organization, community, and economy.

Our HACE alumni don’t just break barriers—they create pathways. From teachers inspiring students to business owners and CEOs generating jobs, they represent the best of what’s possible when talent meets opportunity.

Join us in building a future where leaders rise, barriers fall, and communities thrive. Because we can be Más.
